John (JC) Hudgison is a native of Columbus, Georgia. He advanced his education by attending and graduating from the University of Tennessee with a Bachelor of Architecture & Design (B. Arch), and is scheduled to attain a Master's in Public Administration (MPA) from Troy University in 2022. JC is currently the Construction Services Center Manager and Chief Building Official for the City of Tampa, FL. Prior to working for the City of Tampa, John worked for the Columbus Consolidated Government in Columbus GA and John I Rivers Associates as an Architecture Intern.

John has more than 13 years of experience in the fields of architecture, building code, construction, and construction management. In the ten years of service to the Columbus Consolidated Government, he managed numerous projects including new public buildings, streetscape improvements, and a wide range of renovation and rehab projects at various scale. JC has also demonstrated keen skills at introducing innovative processes to improve service delivery to the public. JC has progressively taken on new roles and responsibilities at the department and tackled numerous special projects spanning other service areas of the City. Most recently, JC served as Director of Building Inspections and Code Enforcement where he directed the plan review and inspections program relative to the construction as well as Property Maintenance and Special Enforcement Divisions.

JC has received his Certified Building Official (CBO) certification from the International Code Council (ICC), is an associate member of the American Institute of Architects (AIA) and is a licensed Building Code Administrator through the State of Florida Department of Business and Professional R
